Response to Laying on Of Hands

Has this practice been effective or not in your life personally? Explain.

Can a person receive (healing, infilling of the Holy Spirit, etc.) without the laying on of hands?

If so, why would God give us this practice?

In Acts 13:1-4, we read about the separation and sending of the now famous apostles Paul and Barnabas to the mission to which they were called. In v. 3, who sent them away?

How did they do this?

In v. 4, who sent them away?

How do you explain the two different explanations here?

Has this teaching made a difference in how you approach this subject and if so, how?
